

The background features a light gray grid with faint circular and rectangular outlines. A large, semi-transparent white circle is centered, with a dark gray horizontal bar across its middle. The circle is surrounded by a cluster of overlapping, semi-transparent triangles in various colors including yellow, green, orange, red, and pink. The text is centered within the white circle.

Introduction of Fresh & Fresh Metal

FRESH

Love is Always Fresh

Milk Cow

Color Ball

1

ACCURATE WEIGHING

4 Weighing Units: [Gram](#), [Ounce](#), [Pound](#), [Milliliter](#)

No worries about weighing errors for dry food, canned fresh meat, liquids, or even **Prescription Medicines!**

2

FOOD CONTROL

With basic information of pets:

Weight

Food

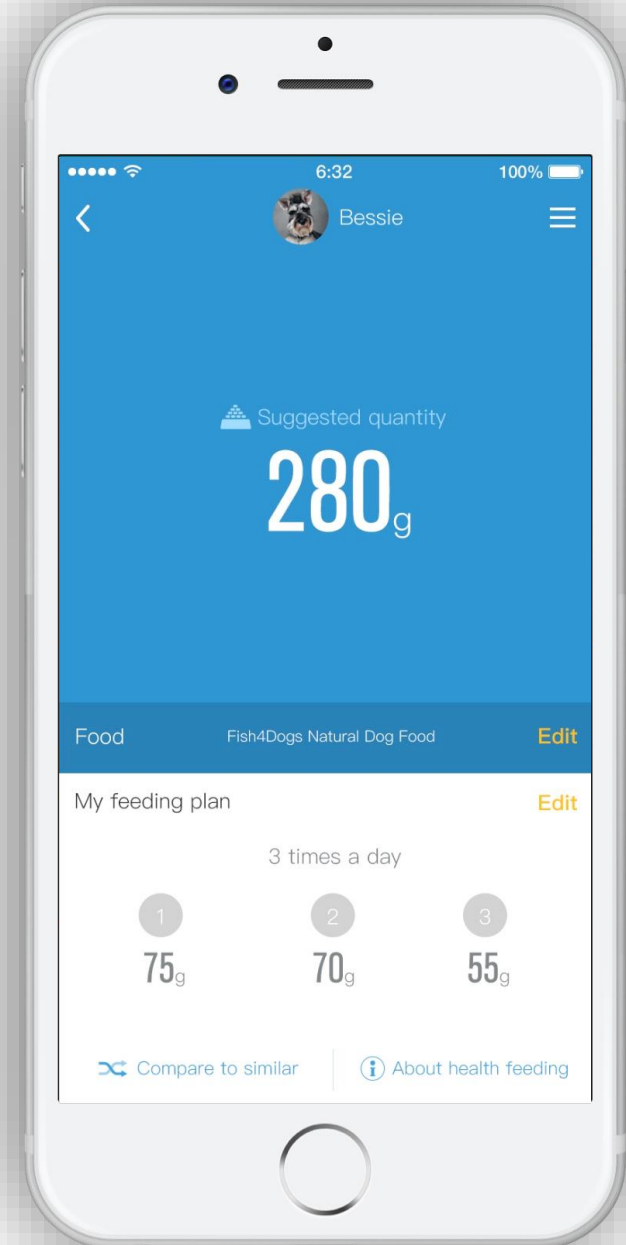

Age

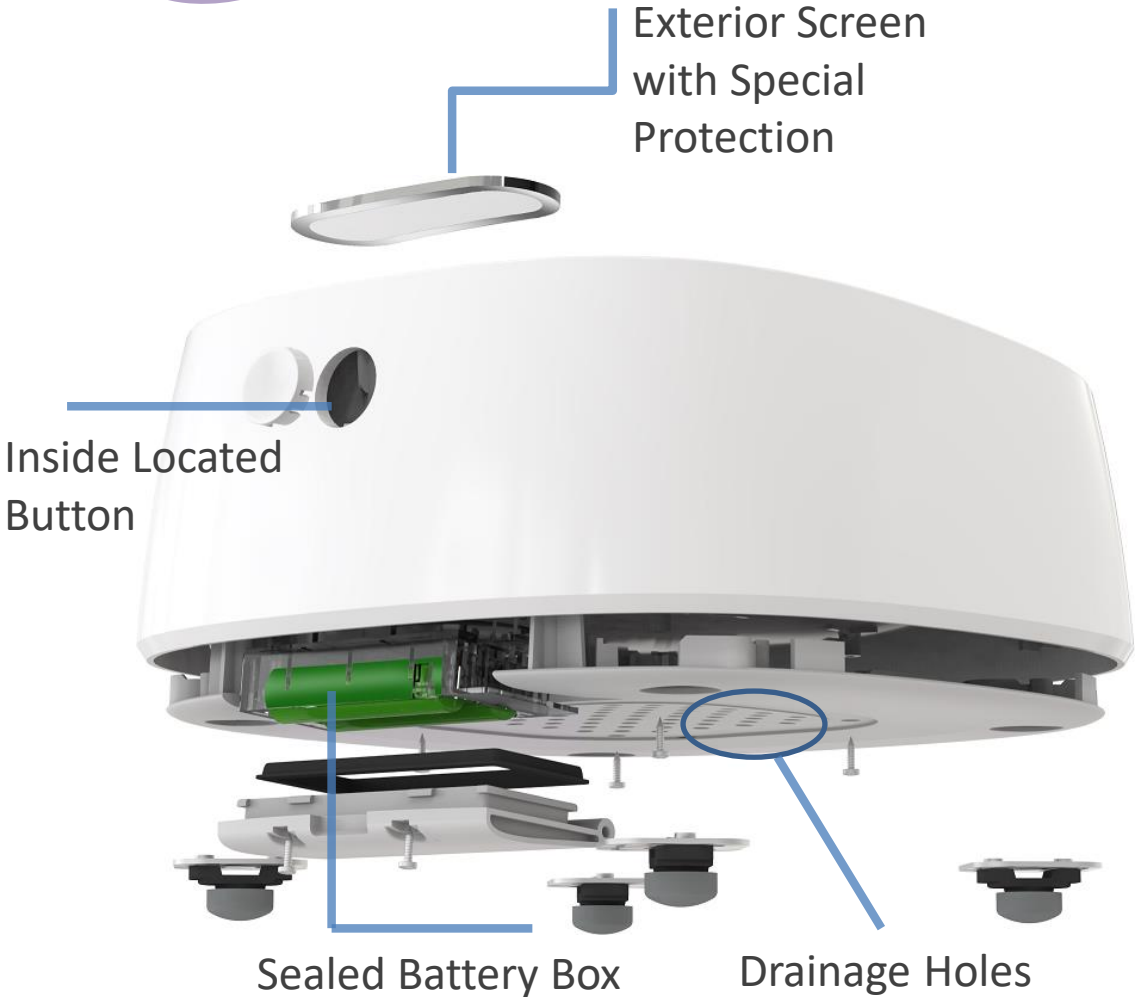

Breed

PETKIT App will generate a **customized** feeding amount to help the pet owners, especially for those newcomers, take better care of dogs or cats, knowing how much exactly they need to feed every day. Reasonable food quantity will also assist the fat pets to lose weight.

3

HAND WASHABLE

Washing? It's not your concern!
As a precision-designed electronic device, we do a lot for its water resistance.

STRONG ANTI-BACTERIA

Diarrhea mostly comes from food with bacteria.

PETKIT Bowl has used **BioCleanAct™** Material, which is covered all over the Main Body, can effectively inhibit the bacteria from forming constantly.

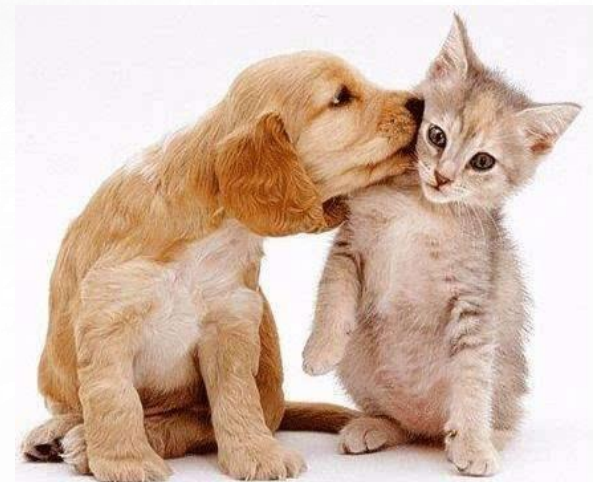

The life time of BioCleanAct™ can last for 10 years!

5

ECOFRIENDLY AND SAFER

PETKIT FRESH Bowl has been certified by several international standards, such as RoHS, CE, FCC and USA and Korea FDA (for BioCleanAct™ material). We do the best to make the customers trusted in our product quality and use it with confidence.

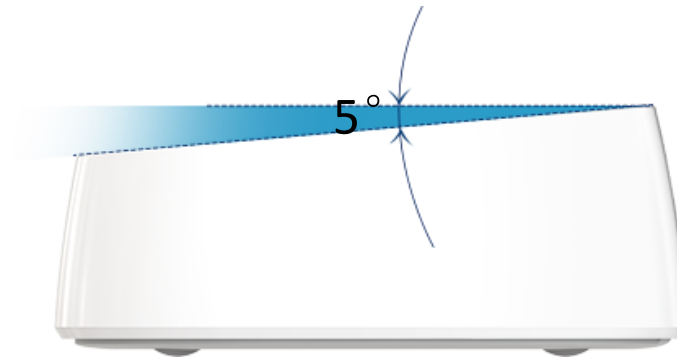

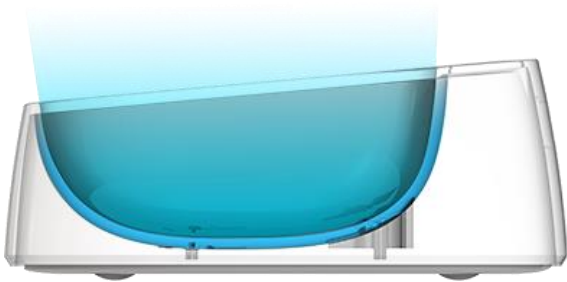

6

RIGOROUS DESIGN

ANTI-OVERFLOW

U-shape design makes the food not easy to overflow when being poured and making pets eating comfortably

BEST ANGLE OF INCLINATION

After researching on samples of different body types, 5° is a better angle for pets eating easily.

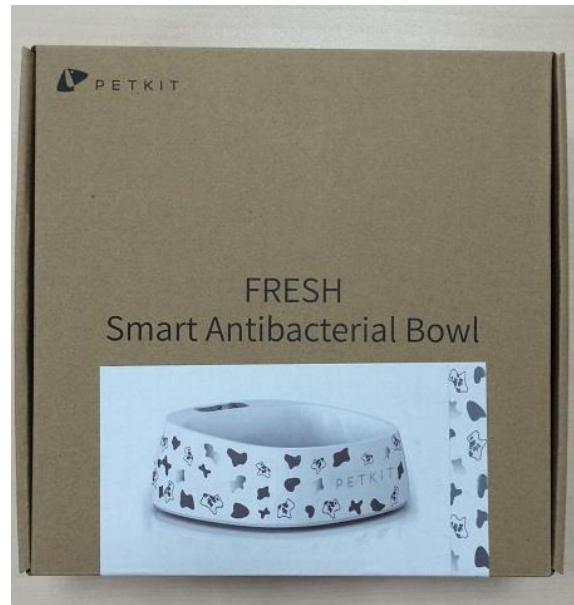

2 YEARS LIFE TIME

a pair of AAA alkaline batteries can keep the bowl not have to charge it from time to time
